Mrs. Cooper's Weekly Class Newsletter

DEAR 3RD GRADE FAMILIES

The classroom economy system is going very well. The students are enjoying earning their money and learning how to trade in their pennies for nickels and dimes. Be on the look-out for coupons coming home for the special privileges they've earned.

Graded papers will be going home this week. Also, many of the grades I take will be in their notebooks, so I will send a print-out of all the grades so you can see those as well.

MATH TEST NEXT WEEK Wed. Sept. 11th - practice test will go home as a study guide on Mon Sept. 9th

This Friday evening is the school wide 1st Friday night at Freddy's. Hope to see you there! Next Friday evening is the Sock Hop! Get your 50's costumes ready; kids can wear them to school on Sept. 13th.

ACADEMICS

In Math we are finishing up the first chapter this week. We will spend next Mon and Tues reviewing for the test on Wed.

In Reading, we will begin our novel study of Stone Fox. I will be reading it to the class, and then we will have lessons pertaining to the story.

Our Spelling program has arrived, and I will be administering the pre-assessment this week. More information to follow.

Please see the attachment in your email for the parent login information for the AR website. You will be able to view your child's progress in Accelerated Reader.

STUDENT OF THE WEEK:

Rosie is leading the class in AR points! She is over halfway to meeting the goal of 10 points per quarter. Keep up the great work Rosie!
